

CITRIPMAX WR is a blend of natural and synthetic compounds that combine to produce a remarkably effective product. Natural citrus extracts produce incredible solvency to cut through the most difficult oil, grease and tar deposits. Carefully selected, ozone-safe solvents allow the use of this remarkable product on plastics and painted surfaces. Biodegradable rinse additives suspend grease, grime and soils in water to complete the cleaning/degreasing process. Contains a light, refreshing citrus scent that is able to handle the most difficult deodorizing tasks.

**DIRECTIONS FOR USE:** CITRIPMAX WR was developed to safely remove grease, oil, cosmoline and tar from motor, chassis, tools and parts. Used directly from the container or diluted with water, it works quickly without causing corrosion under normal conditions. Although this product is safe on most plastic and painted surfaces, be sure to test before using.

**MOTORS, CHASSIS, TRUCK PARTS, CEMENT FLOORS:** For heavy deposits, use straight from the container. Allow to set for 3 to 5 minutes and hose off with water under pressure. For lighter cleaning, dilute with up to 5 parts of water.

**WATER-RINSABLE  
INDUSTRIAL DEGREASER**

**POTENT DEGREASER/DEODORIZER  
UTILIZES THE STRENGTH OF  
NATURAL CITRUS EXTRACTS**

**RINSES QUICKLY WITH WATER**

**CAUTION - COMBUSTIBLE**  
Harmful if swallowed. See side panel for additional precautions and first aid instructions.

**TOOLS AND PARTS:** Dip parts to be cleaned into full-strength solvent. Allow to soak until grease and grime are loosened. Remove and rinse with water. To speed drying, use a compressed air gun.

**COSMOLINE, UNDERCOATING AND ADHESIVE REMOVAL:** Spray, brush or sponge undiluted solvent directly onto surfaces. Rinse off with water and wash with a quality detergent.

### **CAUTION - COMBUSTIBLE**

Harmful if swallowed. Store away from heat or open flame. Avoid prolonged or repeated exposure to skin. Use with adequate ventilation. Avoid contact with eyes. If swallowed, do NOT induce vomiting and contact a physician immediately. If in eyes or on skin, wash affected area with large amounts of cool water. If irritation persists, obtain medical attention.
