DESCRIPTION

A highly concentrated solvent designed to remove dirt, grease, oil and grime from motors and other equipment without disassembly. Cleaning is quick and simple without the danger of injury to working parts. Ideally suited for use on ice machines, vending machines and other refrigeration units where water clean-up is a problem. Also use on electric motors even while running, electric equipment, generators, power tools, etc.

NOTE: Do not use on automated electronic process control or monitoring systems, computers, or data processing equipment. May effect certain plastics. Test before using.

DIRECTIONS

Spray generously over the surface to be cleaned until completely wet. Allow the solvent to set for a minute, then wipe or rinse off with a second spray. Use only with adequate ventilation.

WARNING: This product contains a chemical known to the State of California to cause cancer.

EXPOSURE: Overexposure and toxicity depend upon duration of exposure. Symptoms of overexposure include dizziness, nausea, headache, and even loss of consciousness. Aspiration may be a hazard. May be harmful or fatal if swallowed.

DANGER

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 120°F may cause bursting.

FIRST AID:

If Swallowed: Do not induce vomiting. Get medical attention immediately.

If Inhaled: Remove to fresh air. If breathing has stopped, administer artificial respiration. Get medical attention.

If On Skin: Thoroughly wash with soap and water. Get medical attention if irritation persists.

If In Eyes: Flush with liberal amount of water lifting eyelids occasionally. Consult physician.

This product is designed exclusively for industrial and institutional use by trained personnel. This product is sold as is and the manufacturer makes no warranty, express or implied, of merchantability, fitness for a particular purpose or otherwise.
